**Very professional and personal service. Dave (owner) oversaw all work on site and answered all of our questions. Very easy to work with and made sure that everything was done to the highest standards. Our new kitchen looks awesome. Overall, we're extremely satisfied and will use Cascade Kitchens in the future.**

*Description Of Work:*

**Cascade Kitchens did a beautiful job remodeling our kitchen in 2002. They refaced our existing cabinets and Dave created a custom cabinetry look with design ideas for crown molding, drawer pull-outs, under-cabinet lighting, etc. Our kitchen still looks wonderful 10+ years later! Cascade Kitchens did such high-quality work on our kitchen that we decided to go with their company for a recent bathroom remodel. We got a custom vanity, an elegant wood-framed mirror, and a stunning custom-crafted armoire for bath linens. From start to finish, Dave and his company made each of our projects their top priority. I whole-heartedly recommend Cascade Kitchens for your next project.**

*Hire Again:* **Yes**

Approximate Cost: \$22,000.00

*Description Of Work:*

**Cascade Kitchens performed custom cabinetry work in our current and former homes -- both kitchen and bath. Cascade Kitchens designed and remodeled the entire kitchen in beautiful cherry cabinetry -- a custom design according to our specifications with a custom finish.**

**Cascade Kitchens also remodeled the entire kitchen in our former home in the same cherry cabinetry. They also designed and installed a beautiful large built-in wall system/hutch and a room divider between the kitchen and living area. In addition, they installed new cabinetry in maple in the guest bath on the main floor and re-faced the existing cabinetry in the Master Bath, as well as the buffet in the dining room.**

**The quality of the work performed by Cascade Kitchens was fantastic. Everything was done to perfection and precisely on schedule. Additionally, Cascade went out of their way to make modifications and adjustments as needed as the work progressed. Dave James has an incredibly vast knowledge of all that goes into a remodel -- including appliance and plumbing hookups, re-wiring electrical components, LED lighting, etc.**

**I don't think we could have chosen a more excellent company to do the work. That is why we asked them to design and remodel the kitchen in our second home. We have had many positive comments from friends and family on the finished product. I would recommend them highly, over any other company in this area, to anyone who plans to remodel their kitchen or bath.**
